Representative, U.S. Small Business
Administration

Constellation Program Overview

SDB Issue

- SBA no longer certifying firms as of 10/4/08
- Prime contractors still must use certified SDBs in their reporting if the solicitation was issued prior to 10/4/08
- Self-certification accepted for SDBs on any solicitation issued after 10/4/08

CCR

CCR login procedures have changed. If you currently have a CCR record, but do not have a user ID and password, you will not be able to access your record until you create a user account. **The deadline has been extended to December 21, 2009 to make this change.** You will need to create your user account prior to your renewal date.

Women's Procurement Program

- The omnibus bill signed into law by the president on Wednesday included a provision barring the SBA from using any of its funds to implement a controversial regulation that narrowly restricts the women's procurement program.
- The women's procurement program is a priority for the administration and the agency will be reexamining the entire existing rule.
