

NCMA Space City Chapter presents:

“Price Reasonableness”

Date: Thursday, March 11, 2010

Time: 11:00 AM-12:30 PM Central

Location: United Space Alliance – 600 Gemini, MIC Room

(Sign in & picture ID required at main reception area, Door 10.)

****Additional identification required for non - U.S. Citizens****

This fast paced webinar will address the following key topics:

- Determining price reasonableness with emphasis placed on price analysis techniques and their appropriateness under a variety of contracting/procurement scenarios.
- Price analysis techniques will be contrasted against cost analysis and cost realism techniques and acquisition circumstances will be clarified under which these three broad classes of analytical techniques must be used as a means of determining price reasonableness.
- Brief but challenging case studies will be presented to illustrate the practical application of price analysis techniques, either alone or in concert with cost analysis and cost realism techniques.

Make your reservations early! Space is limited!

Reservation deadline is Noon, March 9, 2010
